

age.gui.Widget

```
classDiagram
    class age_gui_Widget["age.gui.Widget"]
    class age_gui_MultilineWidget["age.gui.MultilineWidget"]
    class age_gui_Window["age.gui.Window"]
    age_gui_Widget <|-- age_gui_MultilineWidget
    age_gui_Widget <|-- age_gui_Window
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'age.gui.Widget'. Below it, a horizontal line connects two boxes: 'age.gui.MultilineWidget' on the left and 'age.gui.Window' on the right. A vertical arrow points upwards from the center of this horizontal line to the bottom of the 'age.gui.Widget' box, indicating that both 'age.gui.MultilineWidget' and 'age.gui.Window' inherit from 'age.gui.Widget'.
