Contents

Part I

Concept

This part presents the concept behind the framework and leads through the entire process from the initial vision to the final system requirements.

1. Design
2. Stakeholder

Chapter 1

Introduction

TBD

1.1 Overview

TBD

1.2 Purpose

TBD

1.3 Goals

TBD

Chapter 2

Stakeholders

TBD

2.1 Introduction

TBD

2.2 Purchasers

TBD

2.3 End Users

TBD

2.4 Developers

TBD

2.5 Operators

TBD

Chapter 3

Use Cases

TBD

Chapter 4

Stakeholder Needs

TBD

Chapter 5

Requirements

TBD

5.1 Functional Requirements

TBD

5.2 Non Functional Requirements

TBD

5.2.1 Robustness

TBD

5.2.2 Reliability

TBD

5.2.3 Performance

TBD

5.2.4 Persistence

TBD

Part II

Design

TBD

Part III

Implementation

TBD

Part IV

Testing

TBD

Chapter 6

Resume

TBD
